SHERIFF'S OFFICE  
TO BRING BACK  
ELOPERS

Family of Rita Temer Block  
Alleged Plan for Her Mar-  
riage to Stanley McCarty in  
El Paso.

Arrangements were made today by the sheriff's office to bring back here Stanley McCarty, a chauffeur, and 17-year-old Rita Temer, daughter of Joseph Temer, of Corrales, who were taken from train No. 303 at El Paso last night. According to the girl's family the man and the girl were elopers, and on their way to El Paso to be married.

Train No. 303 left here last night at 10:30 o'clock. Shortly after its departure Mrs. George Enoch, sister of the girl, learned that the couple were seen on the train, and asked the police to get word sent to the Santa Fe agent at El Paso, and the detention of the couple followed.

McCarty and the girl are said to have been sweethearts for some time but it is said that they "fell out," and it was not known that they had "made up" until the family learned of their alleged elopement.

McCarty was cited to appear in police court yesterday on a charge of driving without a license. He asked for an adjournment of his case until today on the plea of urgent private business.

MISS ALBRIGHT HAS  
NEVER BEEN IN BETTER  
VOICE THAN AT PRESENT

The Santa Fe New Mexican, commenting upon the recent concert given in Santa Fe by Miss Claude Albright and her company, says:

The concert given by Miss Claude Albright, the famous operatic singer whose New Mexico is privileged to honor as a native daughter at the Santa Fe theatre Wednesday night was as nearly perfect in plan and execution as the local playhouse has ever staged. Miss Albright's remarkable artistic discrimination was shown equally in the choice of her assistants and the designing of her program.

Miss Albright's versatility was splendidly shown by the numbers she had assigned to herself, including songs in German, French and the Spanish. "Mighty Lak a Rose," the quaint, merry melody, Strebel's "A Day Dream," with violin obbligato, a beautifully rendered number; Schubert's "Der Wanderer," MacDowell's sweet "The Brooming Eyes," a more ambitious and difficult thing in cavatina and aria from "The Prophet" of Meyerbeer and the beautiful "Perfect Day" of Carrie Jacobs Bond, sung with a sympathy and strength which made it perhaps the most enjoyed of the evening. Among the encore numbers was the sprightly "Cuckoo" which made a hit with the audience; the latter while not nearly as large as it should have been, was Miss Albright says, so appreciative that it was a real pleasure to sing to it.

It is a tribute to the ability of the star of the evening that she was able to sing without apparent effort in an altitude some 2,600 feet higher than her home city. That her voice is growing more brilliant and commanding with her added experience in grand opera was plainly evident to those who had not heard her for the past year. Her enterprise in putting on such a splendid concert places Santa Fe in her debt. It is not often that such a musical opportunity is afforded the people of this city.

LOTS OF WATER ON  
EASTERN SLOPE  
OF MOUNTAINS

Forester Supervisor Reports  
Arroyos Running Full. Less  
Flood Down Rio Grande  
Looked for This Spring.

The country around Mountainair is wetter than he has seen it of any time in all his experience in this section, says James F. Muller, supervisor of the Mountainair national forest, who has just returned from a trip abroad. All the arroyos are running full, and some of them look like roaring rivers.

That country, however, is not part of the Rio Grande watershed, and the moisture in that region does not mean that the spring flood down the river will be abnormal. While there has been more snow than usual in New Mexico, other parts of the Rio Grande watershed have not been overabundant, and Pitt House, county surveyor, who keeps himself posted up to the minute on the Rio Grande watershed, says he expects less water to come down the river this spring than last year. The flood is looked for about May.

In Mountainair, Mr. Muller found the good roads boosters on their toes. They have a big sixteen-horse grader, and the machine is kept ready for service at all times at this period, running in and out of the roads leading to Mountainair, particularly the Abo canyon highway. The day Mr. Muller left he saw the big grader hitched in the street with a team of sixteen horses and mules in harness.

AT ONCE! STOPS  
STOMACH MISERY  
AND INDIGESTION

"Pape's Diapiesin" Makes Sick, Sour  
Gassy Stomachs Feel Fine.

Do some foods you eat hit back—taste good, but work badly; ferment into gassy lumps and cause a sick, sour, gassy stomach? Now, Mr. or Mrs. Diapiesin, let this down: Pape's Diapiesin digests everything, leaving nothing to sour and upset you. There never was anything so safely quick, so certainly effective. No difference how badly your stomach is disordered you will get happy relief in five minutes, but get pleasure you most need in that it strengthens and regularizes your stomach so you can eat your favorite foods without fear.

Most remedies give you relief sometimes—they are slow, but not sure. "Pape's Diapiesin" is quick, positive and puts your stomach in a healthy condition so the misery won't come back.

You feel different as soon as "Pape's Diapiesin" comes in contact with the stomach—disorders just vanish—your stomach gets sweet, no gases, no belching, no eruptions of undigested food, your head clears and you feel fine.

Go now, and make the best investment you ever made, by getting a large fifty-cent case of Pape's Diapiesin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder.

SALE OF LIQUOR  
BUSINESS SAID  
TO BE ILLEGAL

Summonses have been served on Jack McGraw, Mrs. Clara Creighton and Albert Auger, against whom complaints have been made under the statute forbidding the sale of a business without notice to the creditors.

They are alleged to have sold the New Mexico Beer and Liquor company without letting creditors know of the transaction.

Action has been taken by creditors of the concern. Complaint was sworn out before Judge C. of the Peace George R. Craig, and the three warrants were given to Constable Shelle. It required three days to locate all the defendants. McGraw was the last one served.

State Senator C. J. Laughren of Deming is a visitor in Albuquerque today. Senator Laughren is returning home from Santa Fe, where he has been since the closing of the legislature. He was one of the most active in urging and standing for a substantial increase in appropriations for the University of New Mexico.

WAS A. LINDBORG  
ANDREW OF ADOLF  
NELSON?

Will of Horse's Victim Bears  
One Signature While Land  
Claim Carries Another—  
Court Cases.

The jury in the case of Thomas Fugate, colored, who sued George Irwin, a Santa Fe conductor for \$2,000, in the district court, brought in a verdict of \$375 this afternoon. Fugate was a porter. He alleged that Irwin beat him so badly with a ticket punch as to lay him up for some time. Notice of appeal was filed by the defense.

The jury was made up of Simon Torrietta, Ysidro Lopez, Andres T. Chavez, Manuel Otero, M. Garcia, Ventura Jofia, Pedro Elwell, Manuel Barrios, Gregorio Demas, Higinio Montoya, W. W. Strong and Serafino Garcia.

H. E. Putney, as beneficiary, and Frank McKee, as trustee, have started suit against Annie S. Pratt and W. E. Pratt for \$3,000. The suit is based on a note for \$2,500 alleged to have been given by the Pratts to L. B. Putney, in 1904. It was for five years and renewable, and was secured by a deed of trust. Besides the face of the note, interest amounting to \$500 and costs amounting to \$400 more are claimed.

In the probate court today, before Judge John Haron Burr, the will of A. Lindborg, the second-land furniture dealer who was killed to death by a horse recently, was filed, and date for probate hearing was made May 2. After court Clerk A. E. Walker recited that Lindborg died with him as county clerk a contest on a desert claim, and looked it up. Now there is some question about the validity of the will. The land claim, which was signed in Mr. Walker's presence by Lindborg, whom he knew, bears the signature "Adolf Nelson Lindborg." The will offered for probate was sent here from Minneapolis and is signed "Andrew Lindborg." In an old city directory Lindborg's name is given as Andrew. The matter will be called to the attention of Judge Burr. The will was drawn in Minneapolis.

O. N. Marton was discharged as executor of the Peter Tobin estate. William D. Young was appointed guardian of the person and estate of his son, Ralph.

The final report of the First Savings Bank and Trust company on the Henry Schenker estate will be received May 2.

Roy McDonald and M. W. Flournoy were appointed appraisers of the Annie Loebe estate.

## NEUTRAL SHIPPING

(Continued from Page One.)

found that she had been abandoned by the crew.

The crew of the Indian City reached England safely, according to the cable dispatches which first announced her loss. She was bound from Galveston to Havre with cotton.

LENIENT TREATMENT FOR  
CARGOES CONTRACTED EARLY

Washington, March 23.—Lenient treatment has been promised by the British government for American cargoes contracted for before March 1, and now leaving or about to leave German ports bound for the United States. This assurance has been given to the state department by the British government in answer to an inquiry as to the status of cargoes bought by Americans in Germany and which could not be shipped for lack of transportation facilities before the issue of the British order in council.

Just what lenient treatment will mean has not been defined, but it is assumed that where there is no question about the American ownership of goods, they will be promptly released if asked by any of the British cruisers.

## FIVE BATTLESHIPS

(Continued from Page One.)

recent protest against the order of arrest against Wilhelm Mueller, German consul at Seattle, on the charge of conspiracy to get information from an employee of the Seattle Shipbuilding and Drydock company concerning alleged shipments of submarines to Germany.

Counselor Lansing said after the conference that the department's investigation had not been concluded. As to negotiations concerning the American ship William P. Frye, sunk by the Prinz Eitel Friedrich, the ambassador said he knew nothing. Asked about the British blockade of Germany the ambassador said:

"Paper blockades are never as effective as real blockades."

RUSSIANS EXTEND THANKS  
TO AMERICAN HOSPITAL  
Petrograd, March 22, (11:15 a. m.)—London, 1:30 p. m.—General Kamoroff, acting as a special emissary from Emperor Nicholas, visited the American hospital in Petrograd today, accompanied by two members of the imperial staff. He was received by the American ambassador, George T. Marx, Jr., the whole embassy staff, and the president of the hospital.

On behalf of the emperor, General Kamoroff thanked the Americans for their assistance in caring for the Russian wounded.

## "The Girl at Lone Point"

SCENE FROM "THE GIRL AT LONE POINT"

But for the hotbox which caused the sidetracking of the express car on the 4:15 limited, there would have been no occasion for Helen Holmes to risk her life. As it was, the brave girl gave battle to two yegmen; was imprisoned by them inside the car; chopped her way to freedom, and succeeded in bringing the thieves to justice.

The yegmen were Frisco Tommy and Spud Hogan. Only the fact that Helen was a girl in a thousand frustrated the designs of these men to get away with several thousand dollars. Frisco and Spud were riding on the roof of Billy Garwood's car when the hotbox which caused all the trouble, developed.

While waiting for the repair crew to fix Billy's time away by climbing with Helen in the telegrapher's office. In the express messenger's neglect to guard his car, the yegmen saw an opportunity to get some easy money. Spud and Frisco were at work on the safe when Helen and Billy chanced to peer into the car. The two promptly leaped aboard and gave battle to the crooks.

A well placed blow laid Billy low.

Charitable and Industrious  
Are Russian Grand Duchesses

(Associated Press Correspondence.)

Petrograd, March 2.—An interesting episode which occurred in a street car on the Nevsky Prospekt a few days ago serves to illustrate the charitable and industrious character of the Russian grand duchesses, who, as is well known, have devoted themselves to the work of aiding in the military hospitals of the capital.

A wounded soldier in charge of a sister of charity boarded a crowded car. It was apparent that he was a convalescent who had been permitted to go about for recreation and exercise in charge of a nurse. As such a man was valued the sister insisted upon her charge occupying it. A Russian officer occupying a seat nearby protested against a common soldier sitting in his presence.

"Please let him remain," interposed the sister. "I commanded him to be the able."

"And who, pray, might you be?" retorted the officer, "that you presume to give orders?"

"That I cannot tell you," came the reply.

A civilian leaned over and whispered something in the ear of the officer. He arose, saluted and left the car at the next stop. A short distance further on the sister and her charge alighted.

A Russian woman seated beside an American woman long a resident of Petrograd, turned to her neighbor and whispered: "The sister is the Grand Duchess Olga. I know her face well. Both she and her sister, the Grand Duchess Tatiana, often go in various hospital incognito, doing whatever service falls to their lot, although they pass most of their time in the hospital at 'Tsarskoye-Selo'."

EXPLAINS MYSTERIES  
OF THE WIRELESS

Washington, D. C., March 23.—In one of the Smithsonian report papers Professor Edith Thomson outlines the general nature of wireless transmission and indicates its relationship to transmission by wire. At the same time she shows why the wireless energy sent out follows the curvature of the earth and explains other features, presenting a mental picture of the work, such as anyone reasonably well informed in electricity can comprehend.

He describes an early experiment bearing upon the transmission of energy without wires, performed by Professor E. J. Houston and himself while they were teaching at the Central High school of Philadelphia, during the latter part of 1875. While these early investigators realized at the time that they had perhaps discovered the germ of a system of signaling through space, their early experiment was forgotten until recalled later by the work of Hertz in about 1887, when he demonstrated by suitable electrical apparatus that waves of the general nature of heat and light could be generated and transmitted with the velocity of light, 183,000 miles per second, and that by suitable resonators and detectors these waves could be made to declare themselves by tiny sparks. The general result of the Hertzian experiments was to connect electrical waves with heat and light waves, proving the difference of the two kinds of radiations to be simply that of length or pitch.

## HELPLESS AS BABY

Down in Mind Unable to Work,  
and What Helped Her.

Summit Point, W. Va.—Mrs. Anna Belle Emery, of this place, says: "I suffered for 15 years with an awful pain in my right side, caused from womanly trouble, and doctored lots for it, but without success. I suffered so very much, that I became down in mind, and as helpless as a baby. I was in the worst kind of shape. Was unable to do any work."

I began taking Cardui, the woman's tonic, and got relief from the very first dose. By the time I had taken 12 bottles, my health was completely restored. I am now 48 years years old, but feel as good as I did when only 16.

Cardui certainly saved me from losing my mind, and I feel it my duty to speak in its favor. I wish I had some power over poor, suffering women, and could make them know the good it would do them."

If you suffer from any of the ailments peculiar to women, it will certainly be worth your while to give Cardui a trial. It has been helping weak women for more than 50 years, and will help you, too.

Try Cardui. Your druggist sells it.

Write to: Chattanooga Medicine Co., Ladies' Advisory Dept., Chattanooga, Tenn., for Special Literature, or you can get it at a drug store. Please Enclose for Women, in plain wrapper, N.C. 127

Introducing  
MR. WISE

Mr. Wise is some what critical but, as you may infer from his name, he usually knows what he is talking about. Particularly is he an authority on Men's Needs and he will give the men of this city some valuable pointers on how to keep well-dressed on a moderate income.

Every man should follow up the "Wise" talks which are to appear in this paper.

A.B.C. GRADUATES  
HEADING CIVIL  
SERVICE LIST

Four Albuquerque Business  
College Graduates Pass Un-  
cle Sam's Examinations  
with High Ratings.

Four Albuquerque young people, all graduates of the Albuquerque Business college, are eligible for places on Uncle Sam's pay roll as a result of the U. S. civil service examination for stenographer and typewriter held recently.

The successful candidates are: William Horsfield, Anna Myers, Jennina Long and Norrine Switzer. Only one of these had any business experience before taking the examination.

Mr. Horsfield, whose completion of the course in seven months aroused special interest, a short time ago received the best rating of his applicant in the 12th civil service district, which is composed of the states of California, Nevada, Utah, Colorado, Arizona and New Mexico. Miss Anna Myers ranked second in this same district.

Mr. Horsfield has already been offered an appointment to take effect immediately; others will undoubtedly receive early consideration by the commission as they stand high on the eligible list.

When one considers the fact that only first class, long experienced stenographers, as a rule, attempt the civil service examination, and that of those examined more than fifty per cent fail to pass, it becomes apparent that Albuquerque may well boast of having one of the strongest business schools in the country, and our citizens are proud of the records made by the young men and women who have made such excellent records in competition with the sons and daughters of half a dozen neighboring states.

FATHER ROSSWINKEL TO  
GIVE SERMON TOMORROW  
AT LENTEN SERVICE

At the grand Wednesday evening Lenten services to be held at the immaculate Conception church tomorrow evening, Rev. Father J. R. Ross-winkel, S. J., of Chicago, who is in the city for a few days en route to California in the interest of his health, will give the sermon, his subject being "The Christian Family." Father Ross-winkel is known throughout the country as an able orator of the Society of Jesus, and has in recent years given two missions here.

GRAND JURY EXPECTED  
TO REPORT ON SATURDAY

The grand jury is still in session, and it is not expected to report until Saturday. No indictments have been returned yet.

James A. Garnfield, former secretary of the interior, was in the city over night. He came here in connection with legal affairs. He left this morning for Los Angeles.

"When you're tired  
there's nothing like a  
cup of good hot tea to  
cheer and refresh you

SAFE-TEA FIRST
